

# The Florida Veterinary Technician Association

*Presents*

## *The FVTA Newsletter!*

Have good technical tips you want to share? Are you willing to write about a subject you feel passionate about? How about some news and updates from your part of the state? Send us your ideas, updates, tips and articles. The FVTA wants to feature your hard work and dedication in our upcoming FVTA Newsletter. Want to take part? Follow the guidelines below!

Updates, Meetings and Events from regional FVTA groups and student organizations:

- Clearly define your region, clinic or student association
- The date and name of your meeting, update or event
- A contact person and email, website address or phone number for further information.

### Tech Tips

- A 50-100 word blurb about a technique or innovative skill that you use and do on a day to day basis that makes the technical life easier/fun.

### Articles

- A 200-300 word article about a specific aspect of veterinary technology that is your specialty, special interest, or an aspect of the profession that you are passionate about.

### Pictures

- May accompany your written pieces, just make sure they are not copyright in any manner and you have permission to use them.
